## New Orleans Mardi Gras Mystick Krewe of Comus Secrets Revealed

By Mimi L. Eustis

Feb 18, 2010

### New Orleans Mardi Gras Mystick Krewe of Comus Secrets Revealed

This is a story of information given by my father Samuel Todd Churchill on his deathbed, concerning the secrets in the founding of The Mistick Krewe of Comus also called The Mystick Krewe of Comus—a secret New Orleans Mardi Gras society established in 1857. In all fairness to my father, in case he took any blood oaths of secrecy, the information he revealed was done under heavy medication while dying of a very painful lung cancer disease inflicted upon him by years of heavy cigarette smoking. However, in all fairness to myself, I am not under any oaths of secrecy to any secret organizations. In fact, the information revealed by my father was contained for many years in a box in the attic. I never really intended to make this information public until very recently. It is the secret code numbers that he talked about that caused me to go to the attic and take out the tape recordings and my notes.

When my father came back from the doctor with the news, he was dying of lung cancer and informed me of such, for some reason he told me to notice the date and time of his announcement. It was the 13th day of the 3rd month of the year, and it was exactly 3:00 PM. He made no further explanation. Today, I was informed by my doctor that I had 3 months to a maximum of 13 months to live as I was dying of breast cancer. I looked at the clock on the doctor's wall. It was exactly 3:00 PM. The numbers 3 and 13 began vibrating inside my brain. The tape recordings of my father's revelations and the secret code numbers that he revealed began to spark my memory of my father's dying revelations of the code numbers 3 and 13. And it's today I've decided to open these old attic boxes of secrets to the public.

My conversations with my father after he announced to me that he was dying of lung cancer began innocently enough. It started with him revealing some of his early sexual escapades. However, as he became more and more in pain and received more heavy medication, he began to reveal more details that are intimate. He would lapse in and out of consciousness and begin to talk in a subconscious state. It's then I decided to secretly place a tape recorder under his bed. His sexual revelations went from ordinary heterosexual affairs to his secret homosexual encounters. He tied the homosexual incidents to his membership into a secret elitist organization he labeled as [Chapter 322-- the Brotherhood of Death](#). I discovered my father was a cross dresser and in order to proceed into higher stages in the secret organization, it was necessary for him to

engage in sexual activities with certain male blood elitist members of Chapter 322.

It should be noted that I not only listened to the secret recordings of my father's deathbed revelations but also made extensive notes. Even though my father lapsed in and out of consciousness and talked in a subconscious state, his memory of names and dates can only be described as extraordinary and phenomenal. The following is a compilation of the recordings plus the notes.

*A letter dated March 13, 2003 from Crystal to Salvadore transferring her great Aunt Mimi's collection of writings, recordings and notes on the founding of the New Orleans Mardi Gras Mystick Krewe of Comus.*

**New Orleans Mardi Gras Mystick Krewe of Comus founding in 1857 is same year that at the inauguration of U.S. President James Buchanan 50 people were poisoned and 38 people died...**

The story begins in 1857. This is the year that a group of men, including 13 New Orleanians, formed a secret society called The Mystick Krewe of Comus. The information permitted to the public was that the founders met at Pope's Pharmacy and eventually at the Gem, a popular café located in the 100 block of Royal Street. Certain names are passed out as the founders of this secret Mystick Krewe of Comus, such as S.M. Todd, L.D. Addison, J.H. Pope, Frank Shaw Jr., Joseph Ellison, and William P. Ellison. The official storyline is that the men were originally from Mobile, Alabama, and were revitalizing in New Orleans a version of Mobile's Cowbellian society. Behind the pretense of the Cowbellion de' Rankin Society, which originated in 1835 as parading revelers through the streets of New Orleans, these men were in actuality Yankee bankers from New England. They used the idea of this Cowbellian society to create a front for an international banking cartel, the House of [Rothschild](#), headquartered in Europe, as well as for Skull and Bones-a branch of the German Illuminati established by William Russell in 1832 at Yale University. The name of this newly formed secret group was the Mystick Krewe of Comus .

1857, the year the secret Mystick Krewe of Comus was founded in New Orleans, should be noted. This is before the Civil War. This is before the assassination of Abraham Lincoln. On February 23, 1857, United States President James Buchanan was poisoned at the National Hotel in Washington, DC. The story goes that President Buchanan, as was customary with men of his station, had a table reserved for himself and friends in the dining room at the National Hotel. The President was known to be an inveterate tea drinker. In fact, Northern people rarely drink anything else in the evening; Southern men prefer coffee. To carry out their intentions towards Buchanan and his Northern friends, arsenic was sprinkled into the bowls containing the tea and lump sugar, which were then set on the table where he was to sit. The pulverized sugar in the bowls used for coffee on the other tables was kept free from the poison. Not a single Southern man was affected or harmed. Fifty or sixty persons dined at that table that evening, and as nearly as can be learned, about thirty-eight died from the effects of the poison. President Buchanan was poisoned but, because of knowledge he had of the symptoms, he was able to communicate to his physician what may have happened, such as arsenic poisoning, and be treated accordingly, thus saving his life.

President James Buchanan survived the incident and began to politically clamp down on those who were secretly engaged in breaking up the United States Republic by fostering slavery and a Civil War. During the final three months of his term, Buchanan refused to recognize the right of any state to secede from the Union, but also vowed he would commit no act of aggression toward the seceded states. He refused to give in to demands by South Carolina to surrender Fort Sumter and Fort Pickens, but when he attempted to send reinforcements to Fort Sumter they were turned back by Confederate artillery. He hoped that a constitutional convention might be called to draft amendments to the federal Constitution that would settle the slavery issue but believed that, as President, he did not possess the power to call such a convention without the support of Congress. Subsequently, in 1859, seven states succeeded, headed by South Carolina, taking seven forts, four arsenals, one navy yard, and the United States Mint at New Orleans holding \$511 million. The total value of government property stolen was worth \$27 million; in addition, \$8 million in Indian Trust Bonds was taken.

## **New Orleans before Civil War was the wealthiest city in America and a hotbed for banker-agents of the House of Rothschild headquartered in Britian...**

Before the Civil War, on a per capita basis, New Orleans was the wealthiest city in America. Drawn by the rich cotton and sugar plantations, abundant trade and thriving port, Americans came seeking their fortunes. From the city's earliest days, New Orleans had close ties to the money centers of New York, Boston, Philadelphia, London and Paris. The House of Rothschild's English bankers began living full time in New Orleans in the early 1800's. In 1857, Judah Benjamin was an agent of the House of Rothschild living in New Orleans. His job was to fund the Confederacy and help foster a devastating Civil War. Judah Benjamin started in the Confederate government as Attorney General and later became Secretary of State. Judah Benjamin also became head of the Confederate intelligence and was a key player in the assassination of Abraham Lincoln.

The three secret founders of the Mystick Krewe of Comus were [Albert Pike](#), Judah Benjamin (link to judahbenjamin notes) and John Slidell. As already stated, Judah Benjamin was an agent of the House of Rothschild living in New Orleans in 1857. The House of Rothschild was fearful that the new United States Republic would begin printing its own money and have a central bank not tied into the House of Rothschild. This would weaken the House of Rothschild's control over the monetary currencies of the world. They had already established a secret bloodline elitist society, incorporating thirteen of the world's most wealthy families, to eventually establish a New World Order with control over the world's economy.

## **William Russell founded Skull and Bones-Chapter 322-Brotherhood of Death at Yale University in 1832...**

In 1832, William Russell, whose family fortunes were made smuggling opium to China through Turkey, founded a chapter of the House of Rothschild's Illuminati—Knights of Templar at Yale University and called it Skull and Bones. Code numbers are important as a form of identification and communication to the upper echelon within this secret elitist society. Three is a key number. The number 33 is a passage into one of the highest stages of membership within this secret elitist group. The number 13 is a form of identification among these elitists. The official inscription of the Order of Skull and Bones within the building at Yale University called The Tomb is 322. Some people interpret this as the year of its founding, 1832, and that Skull and Bones is one of the 3 chapters of this Brotherhood of Death. The first chapter was founded in Germany. The second Chapter is at Yale University. The third chapter was to eventually be founded, when the time was right, at Tulane University School of Medicine located in New Orleans, Louisiana.

William Russell, who founded Skull and Bones at Yale University in 1832, had a key partner by the name of Caleb Cushing, who had acquired passage into the secret code number of 33. In order to acquire passage into the number 33, one had to participate directly in a secret rite called "Killing of the King". It should be noted that Chapter 322—Skull and Bones—The Brotherhood of Death is nothing more than a political assassination hit team against those United States politicians who do not fall in line with the House of Rothschild's plans for a blood elitist domination and control over the world's economy. Caleb Cushing was involved in numerous "Killing of the King" rites in the new United States Republic. For example, Caleb Cushing was involved in the arsenic poisoning deaths of United States Presidents William Henry Harrison on April 4, 1841, and Zachary Taylor on July 9, 1850. These two Presidents had opposed admitting Texas and California as slave states. This went against the House of Rothschild's plans to foster slavery and a civil war in the United States.

## **Caleb Cushing partner of William Russell and an agent of Skull and Bones Level 33...**

Caleb Cushing,(link to caleb cushing notes) partner of William Russell, the founder of Skull and Bones at Yale University in 1832, dispatched Albert Pike to Arkansas and Louisiana. Albert Pike's mission was to further the cause of slavery and to foster a United States civil war, and to establish a line of communication

with other fellow Illuminati. Albert Pike founded the Knights of the Golden Circle and the Ku Klux Klan. He was chosen by Caleb Cushing to head an Illuminati branch in New Orleans and to establish a New World order. Albert Pike moved his law office to New Orleans in 1853 and was made Masonic Special Deputy of the Supreme Council of Louisiana on April 25, 1857.

Albert Pike and Judah Benjamin needed a secret society in order to meet and communicate their plans to foster a civil war in the United States and to establish the House of Rothschild—Illuminati's plan to establish a (link to new world order diagram) new world order control over the United States Republic. Judah Benjamin's mentor was John Slidell, whose niece married August Belmont connected to the Rothschild's bank. Judah Benjamin's connection to John Slidell further connected Benjamin to European banking in order to fund the Confederacy. It should be noted that after the United States Civil War, Judah P. Benjamin fled to England, and was the only member of the Confederacy never to return to the United States. Judah Benjamin became legal advisor to Queen Victoria. Both Louisiana Senator John Slidell and Judah P. Benjamin belonged to both the Boston and Union clubs of New Orleans. However, these two clubs did not provide the secrecy needed to communicate. It is for this reason Albert Pike, Judah Benjamin, and John Slidell founded the Mystick Krewe of Comus.

### **New Orleans became A secret meeting place for The Mardi Gras Mystick Krewe of Comus-Illuminati-Skull and Bones...**

The headquarters for the Mystick Krewe of Comus became the Picwick Club. Here before the days of computers, telephones, etc, a place of secret communication was established for those in the higher levels of the Illuminati's New World Order. The ordinary members of the Mystick Krewe of Comus had no knowledge of what Albert Pike, John Slidell, and Judah Benjamin were up to. The three secret elitist could also establish their code numbers. The number thirteen was used as the number of the invited guest to establish the original number of founders. The king's identity of the Mystic Krewe of Comus was kept secret.

### **“Killing of the King” is secret rite passage into 33rd degree-Illuminati-Skull and Bones Chapter 322 Code 13-Mystick Krewe of Comus...**

In the beginning of the Mystick Krewe of Comus in 1857 the secret Comus king participated in the ritual passage of the number 33. This meant, this Comus King participated in the secret ritual titled “Killing of the King”. Both Albert Pike and Judah P. Benjamin were secret Kings of the Mystic Krewe of Comus. Both Albert Pike and Judah Benjamin participated directly in the killing of the United States President Abraham Lincoln. Lincoln became a threat to the House of Rothschild when he Abraham Lincoln began having the United States government print its own greenback currency. It should be noted that Albert Pike after the Civil War was indicted and sent to prison for treason by the United States government. After Abraham Lincoln's assassination, Andrew Johnson Vice President became the United States President and pardoned Albert Pike. Albert Pike awarded Andrew Johnson for this pardon the thirty-third degree rite of passage.

### **Abraham Lincoln...**

During the Civil War (from 1861-1865), President Lincoln needed money to finance the War from the North. The Bankers were going to charge him 24% to 36% interest. Lincoln was horrified and went away greatly distressed, for he was a man of principle and would not think of plunging his beloved country into a debt that the country would find impossible to pay back.

Eventually President Lincoln was advised to get Congress to pass a law authorizing the printing of full legal tender Treasury notes to pay for the War effort. Lincoln recognized the great benefits of this issue. At one point, he wrote: “... (we) gave the people of this Republic the greatest blessing they ever had – their own paper money to pay their debts...”

The Treasury notes were printed with green ink on the back, so people called them “Greenbacks”

Lincoln printed 400 million dollars worth of Greenbacks (the exact amount being \$449,338,902), money that he delegated to be created, a debt-free and interest-free money to finance the War. It served as legal tender for all debts, public and private .He printed it, paid it to the soldiers, to the U.S. Civil Service employees, and bought supplies for the War.

Shortly after that happened, “The London Times” printed the following: “if that mischievous financial policy, which had its origin in the North American Republic, should become indurated down to a fixture, then that Government will furnish its own money without cost. It will payoff debts and be without a debt. It will have all the money necessary to carry on its commerce. It will become prosperous beyond precedent and then history of the civilized governments of the world. The brains and the wealth of all countries will go to North America. That government must be destroyed, or it will destroy every monarchy on the globe.”

### **In retaliation Albert Pike and Judah Benjamin assassinated Abraham Lincoln...**

Judah P. Benjamin as an agent of the House of Rothschild and Albert Pike and John Slidell as Illuminati 33rd degree and Chapter 322 members of the Brotherhood of Death obviously understood. They realized that a threat to their plans to establish a new world order solidified by the international banking cartel was the power of sovereign governments printing interest-free and debt-free paper money. They knew it would break the power of the international bankers. Therefore Judah Benjamin, Albert Pike and John Slidell created the secret Mardi Gras society the Mystick Krewe of Comus and the Pickwick Club in order to open up a secret place and mode to communicate and operate their 322 Chapter of Skull and Bones to assassinate United States President Abraham Lincoln.

John Wilkes Booth was a member of the Knights of the Golden Circle founded by Albert Pike. John Wilkes Booth was In New Orleans during the winter of 1863-64. John Wilkes Booth was an actor in the play “Marble Hearts.” John Wilkes Booth also opened on March 14, 1864 at the Saint Charles Theater and acted in the plays Richard III and Merchant of Venice. It is during this time in New Orleans John Wilkes Booth met with Albert Pike, Judah Benjamin and John Slidell, utilizing the secrecy of the Krewe of Comus and the Pickwick Club to formulate plans to assassinate Abraham Lincoln. Since John Wilkes Booth was to participate in the secret rite “Killing of the King”. John Wilkes Booth would be elevated to Code Level 33. Therefore, John Wilkes Booth became the secret King of the Mystic Krewe of Comus.

It was also during this time in New Orleans that John Wilkes Booth met with Admiral G.W. Baird (a Freemason), who later identifies the body of Captain James William Boyd as the body of John Wilkes Booth, taken onboard the ship Montauk. This was not the real body of John Wilkes Booth. The man killed in Garrett’s barn after the Lincoln assassination was a Confederate secret service agent and not John Wilkes Booth. The man killed in Garrett’s barn was Captain James William Boyd, a former Confederate agent working originally under Judah P. Benjamin. At the time that Captain James William Boyd was killed in Garrett’s barn he- Captain James William Boyd- was employed by the War Department. Captain James William Boyd bore a striking resemblance to John Wilkes Booth.

Judah Benjamin, Albert Pike, and Admiral G.W. Baird made these secret plans in New Orleans during the winter of 1863-64. Abraham Lincoln was assassinated on April 14, 1865. For his participation in the secret rite “Killing of the King”, Admiral G.W. Baird was promoted to Code Level 33 and made the secret King of the Mystick Krewe of Comus. It was also during this time that the motto of the Mystick Krewe of Comus was established sic volvo, sic iubeo- “as I wish, thus I command”.

Therefore, Judah Benjamin, Albert Pike, John Wilkes Booth and Admiral G.W. Baird hatched and conspired to perform of the “Killing of the King” ritual on Abraham Lincoln. Admiral G.W. Baird was set-up to identify the body of Captain James William Boyd as the body of John Wilkes Booth. After Captain James

William Boyd was killed in Garrett's barn his-Captain James William Boyd's body was taken aboard the Montauk at the naval yard in Washington next to the Saugus. Lieut. W. Crowinshield called Admiral G. W. Baird on board the Montauk to falsify the identity of the body of Capt. James William Boyd as the body of John Wilkes Booth.

After a farcical-fictitious inquest aboard the Montauk to falsify identification of Captain James William Boyd's body as that of John Wilkes Booth, Colonel Lafayette Baker and paid off deputies, dumped Captain James William Boyd's body into an Arsenal Prison sinkhole used to dump dead horses.

### **Illuminati symbols are the torch, Lucifer(devil), and code numbers 3, 13, 33 (32)...**

Albert Pike, Judah Benjamin and John Slidell not only established the secret code numbers of 3, 33, 13 and Chapter 322 within the Mystick Krewe of Comus for other Illuminati to be able to make contact and realize that within the hierarchy of Comus a secret Illuminati cell existed, but also established the symbols. The symbols are a torch, Lucifer and homosexuality. This is why they took Comus the Greek God as their King. Comus in Greek mythology is depicted as carrying a flame and as a cross dresser of revelry. The very first Mystick Krewe of Comus parade depicted two floats. One float was of the devil. The second float was of Comus with a torch, and flambeaux lit the floats.

### **Freemasons kept away from the elitist blood secrets of the real 33rd degree "Killing of the King" ritual-Brotherhood of Death-Skull and Bones-Illuminati-New World Order-Chapter 322-Code 13...**

My father emphasized that all this was not simply a part of the Masonic order. Most Masons were hard working judges, doctors, bankers, lawyers and just good old business men attempting to do what they thought was the right thing in life. However, these vast majorities of Masons never went beyond the 3rd degree. True they were sworn to blood oath secrecy but only within the 3rd level and what is called the "rite of blue passage". The Masons were used by the Illuminati-Skull and Bones as a disguise. Those who passed into the 33rd level were part of the "Killing of the King" ritual. The stage and drama of a stage is part of this ritual. Those in the lower levels were directed and in many cases did as they were told without realizing at the time their part in the "Killing of the King". The New Orleans Mardi Gras Mystick Krewe of Comus provided a perfect stage and drama for its Comus Kings to revel into passage of the 33 rite-cloaked in secrecy, revelry and power.

### **Caleb Cushing was an assassin for Skull and Bones-Illuminati-New World Order...**

My father Samuel Todd Churchill said that Caleb Cushing participated in the "Killing of the King" ritual by poisoning with arsenic United States President William Henry Harrison on April 4, 1841. Caleb Cushing was also involved in poisoning by arsenic of United States President Zachary Taylor on July 5, 1850. Caleb Cushing was also involved in the massive arsenic poisoning that occurred at the inauguration of the United States President James Buchanan on February 23, 1857. Caleb Cushing for his role in the "Killing of the King"-political assassinations of U.S. political leaders-received his passage into the 33 ritual-and was made a secret King of Comus. Albert Pike, Judah Benjamin and John Slidell and August Belmont assassinated Abraham Lincoln and were also secret Kings of the Mystick Krewe of Comus.

### **Doctors and medical profession play intimate role in Skull and Bones-Illuminati-New World Order assassinations. For example, Skull and Bones Doctor John Warren in 1841 trained Doctor Fredrick May and British spy Doctor William Eustis to complete Caleb Cushing's arsenic poisoning of United States President William Henry Harrison...**

My father Samuel Todd Churchill stated that in all of the U.S. political assassinations done by the Illuminati-Skull and Bones-there was always doctors in the background ready to complete the death command of the "Killing of the King". Doctors were an intimate and essential part of the Illuminati-Skull and Bones plan to

kill U.S. political leaders when these leaders interfered or hindered the take over of the U.S. Republic by the New World Order international banking elitist. The Illuminati doctors supervising their potential recovery eventually did in both U.S. President William Henry Harrison and Zachary Taylor. These Illuminati doctors also played a death role in the shooting assassinations of U.S. Presidents Abraham Lincoln on April 14, 1865 (died April 15, 1865), James Garfield on July 2, 1881 (died September 19, 1881), and William McKinley Jr. on September 6, 1901 (died September 14, 1901). Teddy Roosevelt as Vice President became President of the U.S. after William McKinley was shot and died. Teddy Roosevelt received passage into the 33 ritual and became a secret king of the New Orleans Mardi Gras Mystick Krewe of Comus. It was during the presidency of Teddy Roosevelt that Skull and Bones became firmly entrenched and controlling the U.S. Republic.

**Killing the Kingfish Huey P. Long was part of the 33rd ritual “Killing of the King” and by this time Skull and Bones-Illuminati-New World Order had Cecil “Rhodesia” Rhodes establish a cell of Skull and Bones titled the Round Table. Dr. Arthur Vidrine (link to notes of Illuminati doctors) a Rhodes Scholar (Round Table) of the New World Order-Skull and Bones-Illuminati had orders to kill United States Senator Huey P. Long...**

My father Samuel Todd Churchill had much to say about the assassination of U.S. Senator Huey P. Long—the Kingfish. My father claimed that there were many players in the Illuminati-Skull and Bones-New World Order-plans to murder and eliminate Huey Long’s Share the Wealth Program. My father stated that to understand the hidden mystery behind the assassination of Huey P. Long, one must first start with the creation of Skull and Bones at the Tulane University School of Medicine. My father stated repeatedly on his deathbed that Huey Long did not die from the gunshot wound but from the hands of a New World Order-Illuminati-Rhodes scholar-Dr. Arthur Vidrine.

### **Skull and Bones Society at Tulane...(Link to Tulane university skull and bones)**

The Skull and Bones Society was established in secret at Tulane University in New Orleans in October 1907. Dr. Isadore Dyer was one of the founding members. Dr. Isadore Dyer was a graduate of Yale University and was a member of the Berzellus secret society at Yale. This Berzellus secret society is a sister Yale member of Chapter 322-Skull and Bones-the Brotherhood of Death. The Skull and Bones Society at Tulane University states that one man from each class 1907-1908-1909-1910 had been selected, and their identity would be kept secret until the tenth anniversary of the founding of the organization. As a matter of record, the identity of the other members of Skull and Bones has never been revealed. A key player of this Tulane University Skull and Bones chapter was Dr. Rudolph Matas. All the doctors involved in the founding of the Tulane University Skull and Bones were secret members of the New Orleans Mystick Krewe of Comus. They had all pledge themselves to blood oaths of secrecy and were committed to the Illuminati’s plan for a New World Order. Dr. Rudolph Matas was to play a very special role in the Huey P. Long assassination.

**Doctor Rudolph Matas professor at Tulane University School of Medicine is keynote speaker to Tulane’s secret Skull and Bones original meeting held in 1914. In 1929, Dr. Rudolph Matas appoints French-German speaking Dr. Carl Austin Weiss to travel to Paris, France and Vienna, Austria to meet and secretly join the Illuminati. In 1931, Dr. Rudolph Matas dispatches Louise Yvonne Pavy, future wife of Dr. Carl Austin Weiss and alleged assassin of U.S. Senator Huey P. Long, to Paris, France to unknowingly meet key members of the Illuminati stationed in Paris, France...**

Dr. Rudolph Matas in his capacity as a professor at Tulane University had contact and supervision over Huey P. Long’s alleged assassin Dr. Carl Austin Weiss and Dr. Carl Weiss’s future wife, Yvonne Pavy. Dr. Carl Austin Weiss was selected by doctor Rudolph Matas to travel and to study in Paris, France and Austria. Dr. Carl Weiss spoke fluent French and German. Through Dr. Rudolph Matas Dr. Carl Weiss was incorporated secretly into the cell of the Illuminati. Dr. Rudolph Matas also selected Yvonne Pavy, the future wife of Doctor Carl Austin Weiss, to also travel to Paris, France to unknowingly meet members of the Illuminati stationed in Paris. This is a part of the Illuminati stage of drama. Dr. Rudolph Matas as an Illuminati head

could steer and manipulate the lives of people. The power of the Illuminati to influence and bring about potential marriages and sexual relations is part of their mode of operandi. Moreover, as my father Samuel Todd Churchill stated doctors and the medical profession were always needed to play various roles in the assassinations of U.S. political leaders.

**Doctor Carl Austin Weiss-secret German speaking member of the Illuminati-was ordered to go to Louisiana state capitol on night of September 8, 1935 and strike United States Senator Huey Long in the face with his Doctor Carl Weiss' fist. Failure or refusal to do so would result in the death of Doctor Carl Austin Weiss' newly born baby...**

My father Samuel Churchill Todd stated that Dr. Carl Austin Weiss was ordered to go to the state capitol of Baton Rouge by his Illuminati-Skull and Bones handlers with the following instructions; Dr. Carl Austin Weiss was ordered to strike Huey Long in the face with his fist. My father emphasized again it was like a stage play or drama. His controller director Illuminati Skull and Bones ordered Dr. Carl Austin Weiss to perform a function. Dr. Carl Austin Weiss had to perform this function or suffer the consequences of death to his newly born baby.

My father Samuel Churchill Todd stated that Huey Long's bodyguard Murphy Roden was a spy for J. Edgar [Hoover](#) and had orders to shoot Huey Long and Dr. Carl Austin Weiss after Weiss had struck Long in the face. My father stated it was no accident that over 60 bullets were pumped into the body of Dr. Carl Austin Weiss.

**Warren Delano-partner agent for Skull and Bones William Russell sets up his grandson Franklin Delano Roosevelt to become President of the U.S., and to receive entrance into the 33rd level of the Illuminati-House of Rothschild. Franklin Delano Roosevelt participates in killing of Kingfish U.S. Senator Huey P. Long with 33rd brother J. Edgar Hoover. Franklin Delano Roosevelt was crowned King of the New Orleans Mystick Krewe of Comus in 1937 and Knighted into the 33rd level by his participation in the ritual "Killing of the King"- Kingfish U.S. Senator Huey P. Long.**

U.S. President Franklin Delano Roosevelt had reached level code 33. Franklin Delano Roosevelt participated and conspired with 33rd level J. Edgar Hoover (link to notes-link) to perform and complete the ritual "killing of the king-Kingfish-U.S. Senator Huey P. Long. Both Franklin D. Roosevelt and J. Edgar Hoover by their participation and completion of the killing of the kingfish U.S. Senator Huey P. Long were made secretly Kings of the Mystick Krewe of Comus. Franklin Delano Roosevelt was King of Comus in 1937. J. Edgar Hoover became a secret King of the Mystick Krewe of Comus later. When J. Edgar Hoover came down to New Orleans to act out his reign as King of Comus, he-J. Edgar Hoover was involved in a sexual revelry of homosexuality and cross-dressing with various elitist bloodline members of the Mystick Krewe of Comus.

U.S. President Franklin Delano Roosevelt conspired with Skull and Bones Henry L. Stimson, who was appointed by Franklin Delano Roosevelt as his Secretary of War, and with other 33rd level Winston Churchill to have the Japanese bomb Pearl Harbor. The bombing of Pearl Harbor was necessary to destroy the isolationist movement in the U.S., and to force the U.S. into military involvement in the Wars of Europe. The House of Rothschild-Skull and Bones-Illuminati's plan was to force the U.S. into the European military theatre. Winston Churchill and Franklin Delano Roosevelt and Skull and Bones Secretary of War Henry L. Stimson had broken the Japanese code and had pre-knowledge of the Pearl Harbor bombing plan of the Japanese.

Agents of Skull and Bones with blessing and involvement of J. Edgar Hoover FBI Director and 33rd level executioner-cover up specialist for the elitist bloodline of the House of Rothschild murdered Freemason Charles Lindberg's son. This killing of freemason Charles Lindberg's son was to set an example that the isolationist stand against the U.S. becoming involved with the wars of Europe was not the position or the will of the Illuminati.

## **Family members of assassinated U.S. political leaders sometimes play a key role in the Skull and Bones-Illuminati “Killing of the King” ritual...**

My father Samuel Todd Churchill stated that just as doctors and the medical professions elitist are incorporated into the secret Skull and Bones cell-Illuminati-sometimes so are key members of the family of the U.S. politician assassinated. Huey Long's Brother George Shannon "Shan" Long assisted the assassination of U.S. Senator Huey P. Long George Shannon Long was a member of Tulsa Lodge #425 and a 32 degree. George S. Long as the brother of slain Huey Long assured that no autopsy would take place. George S. Long also played a key role in dumping tons of cement over Huey Long's coffin. This would make it almost impossible to exhume Huey Long's body at a later date. George S. Long also played a key role in manipulating and mind controlling Huey Long's son Russell Billiu Long. George S. Long was also able to guide Russell Long into the U.S. Senate as a puppet of his father's killers-Standard Oil-John D. Rockefeller. George S. Long became a U.S. Representative from Louisiana 8th District, 1953-58. George S. Long died in office in 1958 in the Bethesda Naval Hospital.
